## PHILOSOPHY & PURPOSE

While children are in our care, they will experience a safe environment where God's goodness is freely shared and His world which surrounds us is explored.

It is the hope of our staff that children will feel safe, loved and secure as opportunities are provided for them to grow spiritually, emotionally, socially and intellectually.

Our commitment to our parents is to equip our preschool with a staff that will not only teach children, but love and nurture them at the same time. An age graded Christian curriculum, supplemented with preschool resources, will be used at each age level, with the goal of kindergarten readiness achieved before entering kindergarten.

We consider children a sacred trust and will strive for excellence in every area of our preschool program.
