

# MS Bonus Summer Reading Challenge

This is not required but is above and beyond the required summer reading.

**Directions:** This summer, your **bonus** reading challenge is to complete as many of the reading tasks below as possible. Instead of being assigned a specific piece of literature, you are allowed to read texts of your choice and are challenged to read them in unique locations. Place a checkmark next to each task you complete and log the title of the texts you read. Remember bonus is not required!

*I read...*
